Narrative Description of Indicator

- A. For the reporting period, all Part C 618 data tables and the Part C SPP were submitted on the due dates.
- B. All State-reported data is accurate, including data reported through 618 tables, the State Performance Plan, and Annual Performance Report.

To calculate the percentage of State-reported data that is timely and accurate for FFY06, MSDE used the rubric recommended by OSEP for Indicator 14, which combines the timeliness of 618 and APR submission with the accuracy of data reported in the SPP/APR. The completed rubric has been inserted on the following page. With electronic edits built into the Part C database and systematic procedures for data verification and validation, MSDE has met its target for this indicator.
