### Narrative Description of Indicator

To report the target data for this indicator 8B and 8C, MSDE generated State and local reports throughout the reporting period from the statewide Part C database, and validated data in conjunction with LITPs. Data reported for Indicator 8A is based on a review of 781 Early Intervention Records, which is approximately 22.5% of all children who transitioned at age 3 between 7/1/07 and 6/30/08 (n=3,476). This sample size represents a 3.1% margin of error with a 95% confidence level. Data was collected from all 24 jurisdictions.

The reports for Indicator 8C are based on the calculation of the number of days between the date of the transition planning meeting and the child’s third birthday. The number/percent of meetings held within the timelines and the reasons why meetings are not held within timelines are provided. When the date of an untimely transition planning meeting (date later than 90 days before the child’s third birthday) is entered into the database, a prompt appears requesting that the reason for the late meeting be entered.

- A. During the reporting period, 774, or 99.1%, of the records reviewed by MSDE and LITPs had transition steps and services (n= 781).
- B. Between 7/1/07 and 6/30/08, local school systems were notified of 99.9% (3,467) of potentially eligible children who transitioned during the time period (n=3,471).
- C. Between 7/1/07 and 6/30/08, 95.0% of children who transitioned had a transition planning meeting within the timeline or there was a documented family-related reason for the delay.

- 8A - IFSPs with transition steps and services.
- 8B - Notification to LEA, if child potentially eligible for Part B.
- 8C - Transition conference, if child potentially eligible for Part B.

### Other Data for this Indicator

[View Indicator 8A](#) - Percentage of children who had transition planning included in their IFSP by their 3rd birthday. (Not all LITPs will have data for 8A.)

[View Indicator 8B](#) - Percentage of children for whom their local school system (LSS) or public agency is notified that the child will require special education services by their 3rd birthday

[View Indicator 8C](#) - Percentage of children for whom a transition conference is held by their 3rd birthday
