### Narrative Description of Indicator

The least restrictive environment (LRE) data for this APR are based on Maryland's 618 annual child count collected the last Friday in October 2015 and reported in the 2015 Maryland Special Education/Early Intervention Services Census Data and Related Tables document. The MSDE has made progress in all Indicator 5 subsets. Each subset of the indicator has demonstrated growth over time and maintains a positive trend.

The Indicator 5 subsets are 5A, 5B, and 5C:

- 5A - Percent of children with IEPs, aged 6 through 21, served inside the regular class 80% or more of the day.
- 5B - Percent of children with IEPs, aged 6 through 21, served inside the regular class less than 40% of the day.
- 5C - Percent of children with IEPs, aged 6 through 21, served in separate schools, residential placements, or homebound or hospital placements.

### Other Data for this Indicator

[View Indicator 5A](#) - During the school year 2015 - 2016, 68.95% of students received services inside regular education 80% or more of the day. This data represents continued progress.

[View Indicator 5B](#) - During the school year 2015 - 2016, 12.95% of students received services inside regular education less than 40% of the day. This percentage did not meet the State's target of 12.26% and demonstrates a decrease from 2014.

[View Indicator 5C](#) - During the school year 2015 - 2016, 6.93% of the state's students with disabilities received services in separate schools. This percentage did not meet the State's target of 6.19% and demonstrate a minimal increase from 2014.
